

Hi-Power **Racing Version**

HKS HI-POWER MUFFLER

Price £475.00 + vat RRP

TOYOTA GT86 / SUBARU BRZ

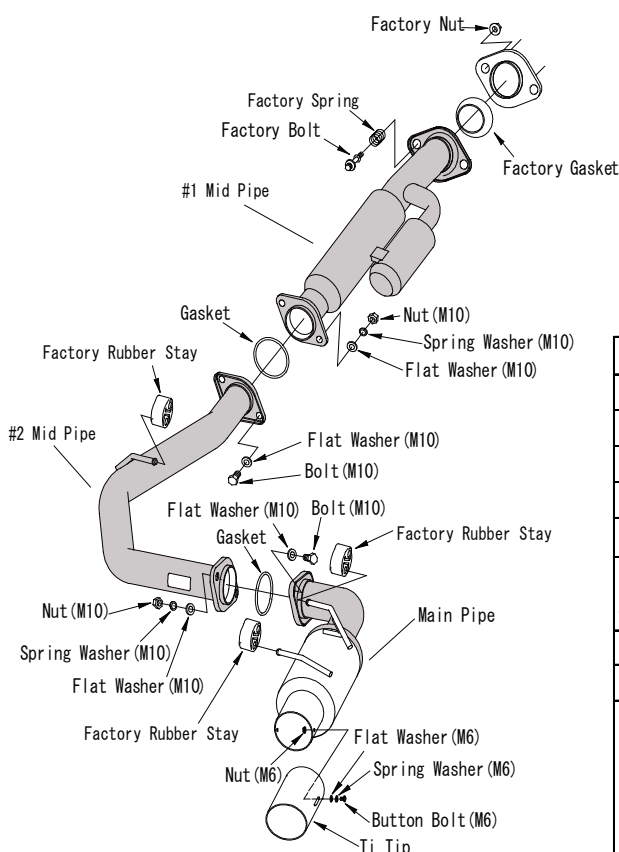

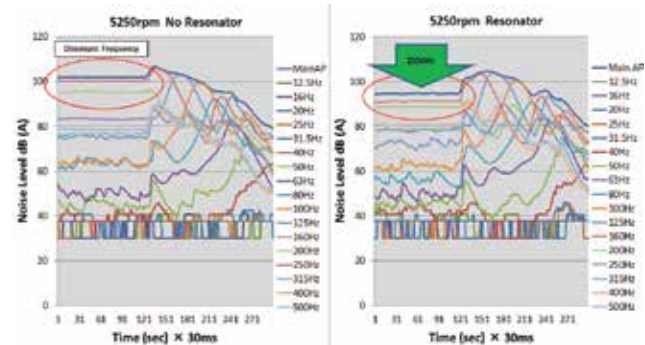

Full straight exhaust system with Low pressure design!

75mm Racing spec exhaust system. Straight exhaust design enables use with highly tuned vehicles.

“Silent Chamber” resonator sound tuning reduces unwanted drone
 Straight through exhaust system can cause a drone in the cabin. HKS performs sound frequency analysis to create a resonator for optimal sound tuning.

Inner Silencer Included!

Model (Engine)	ZN6/ZC6 (FA20)	
Model Year	-	
Weight (Stock)	11.6kg(18.0kg)	
Main Material	SUH409 (Main Silencer SUS304)	
Tip O.D.	φ 97 Ti	
Main Pipe Dia.	φ 75	
Closed noise (Idle sound level)	Stock	-
	HKS	104dB (Idle: 77dB)
Ground Clearance (Section)	124mm(2nd center pipe)	
Ex Pipe Ground Clearance (Section)	124mm(2nd center pipe)	
Remarks	<ul style="list-style-type: none"> • Titanium tail can slide (20mm) • Compatible with inner silencer 3306-RA072 Note; Closed sound level under US measurement method is 95dB.
