Black Chrome Exhaust Tips Creates a striking Rear View Image

The stock exhaust tips appear to be floating due to wide clearances between the tip and bumper and the size of the notch on the bumper. The 70mm dual exhaust tips on this product are well-balanced with the bumper notch, and the black chrome tips create a striking impression from the rear.

OEM+ Comfortable Sports Sound

Adding a little sound pressure to the original exhaust sound recreates the sporty sound quality making both daily driving and driving on winding roads enjoyable. Its moderate low-tone enhances the exhaust system's presence and the higher-tones imparting an elevated feeling to the driver.

Model (Engine)	DBA-ND5RC[P5-VP[RS]、P5-VPR[RS]]
